Easter Feast

On Thursday 22nd March 2018, Mrs Legg organised an Easter Feast to help raise money in order to develop a Secret Garden area in the Nursery courtyard. Thank you to those who came along in support of such a worthy cause.

The Easter Feast raised a grand total of £220!

Easter Church Service

Well done to Maple Class for leading the Easter Church Service. All the children worked really hard, they read their lines beautifully and sang their hearts out. A special well done to Lilia for bravely singing a solo.

Creepy Crawlies Visit EYFS!

The children in Nursery and Reception had an exciting end to their termly learning project about mini beasts, with a visit from some creepy crawlies. Amy from Wild Science brought in a tarantula, a giant African land snail, a stick insect and a cockroach. The children had the chance to hold them and also found out lots of interesting facts about these creatures.

Cross Country

This term, Mrs Andrews and Mrs Hughes travelled over to Greenfields, in Maidstone, with members of Year 6, Year 5 & Year 2 to compete in a cross country competition. The course was tough but all of the children ran brilliantly and did Kemsley proud. A massive well done to our superstar, Carys from Year 2, who not only won her race but did so impressively, with a huge gap between herself and the second place runner.

World Water Day

On behalf of the Eco Council, we would like to say a big thank you and well done for all the support you have given, we all took part in World Water Day and raised a superb amount to help give communities in less fortunate countries clean water.

Nature and Sensory Garden

Oak class have enjoyed helping to create a new nature and sensory area in the garden, as part of our termly learning project. They have helped to clear the area and have been looking after the bulbs that they planted with Mrs Deacon earlier in the year. We have also started to use it to hunt for mini beasts. We are looking forward to developing it further with a wild flower area to attract butterflies and bees and an area to plant vegetables.
